**RoHS (Restriction of Hazardous Substances)  
Compliance with European Directive 2000/95/EC**

As a supplier of **Samarium Cobalt Magnets**, Arnold Magnetic Technologies understands the international environmental policies and principles as embodied in RoHS EU ECO-Directive (2002/95/EC), and hereby declares that we will comply with these international environmental laws and regulations. Arnold will work together with its customers to observe these international environmental standards, monitor carefully its products and manufacturing processes, avoid the use of restricted or banned materials or chemical substances, and use only components, products and packaging which meet the standards set by RoHS EU ECO-Directive (2002/95/EC).

Currently, our Samarium Cobalt Magnets are compliant with the RoHS EU ECO-LAW (2002/95/EC) with respect to SGS testing on the following substances:

Cadmium	Less than 2 PPM.
Lead	Less than 1000 PPM
Mercury	Less than 2 PPM
Hexavalent Chromium	Less than 2 PPM
PBB	Less than 5 PPM
PBDE	Less than 5 PPM
