

*Engineered to attract
magnetic materials...*

FERROSHEET™

Retailers, schedulers, educators, restaurateurs and others know that their message needs to change. Now anyone who relies on signs, displays, charts or other visual aids will appreciate the ease at which you can change your message with Ferrosheet™.

Attach Ferrosheet to any smooth surface. Flexible magnets can now be applied to the Ferrosheet without the pole alignment challenge caused by magnet to magnet attraction.

- *Engineered to be receptive to magnetic material*
- *Flexible, soft-magnetic material*
- *Standard .025 thickness, up to 24" wide*
- *Available in rolls, cut sheets and custom extrusion*
- *Laminated vinyl, including write and wipe*
- *Standard and custom adhesive options available*
- *Screen print, pad stamp and hand letter*
- *Easy to machine cut, stamp, score, and punch*
- *P.O.P. display—attach to plastic, aluminum, cardboard and wire frames*
- *Schedule board, menus, signs, toys and games*
- *Extrude to custom shape*
- *Retail, office, home or school*

***Easy to customize for your customers.
Easy for your customers to change.***
